8. Talked with Walter Besterman about S. 355, the bill which would prohibit the use by certain private concerns of names, etc. which would infer Federal connection. This bill was passed by the House on the consent calendar without the amendments Besterman had indicated Francis Walter would add for us. Besterman explained that after consulting with the Majority Leader it was their opinion that the bill should be sufficient for our purposes without the addition of the amendment we had suggested. Besterman felt he had to accept Walter's decision on this point. When this bill is accepted by the Senate and signed by the President, we will again pursue the matter of the California Intelligence Agency with the Justice Department.

9. Spoke with Al Westphal, House Foreign Affairs Committee staff, concerning H. J. Res. 490, Congressman Dent's resolution concerning captive peoples. Westphal indicated that this resolution and similar ones introduced by Congressmen Pucinski and O'Hara were probably introduced as a result of pressure brought by a Judge in Pennsylvania who has pressed members of Congress in other similar fields. Westphal does not expect any action on them in this session.
